PROPS:

1. Could we ADD small baskets (#1017) for the actors to hold the nightly prizes in? And could there be a different basket for each show to fit the theme?
 2. Could we ADD another rope (#1029) to Mariners, about 16ft in length, for Newbury and Fronk to hold in "Got No Boat"
 3. Could we ADD a prop to evoke a bicycle such as bicycle handles (#1037) to Mariners? Britannia specified that a purchase is not necessary for the handles. She mentioned if we don't have handles, we could potentially ADD a bicycle horn, bell or something similar instead. The prop will be held by an audience member in "Got No Boat."
 4. Could we ADD a megaphone (#1036) to Mariners?
 5. Would it be possible for Barnaby to take the juggling pins home to practice with?
